Designation: Company Secretary & Compliance Officer

Park Hospitals Builds One of Tricity's Largest Healthcare Networks with Panchkula Launch and Mohali Expansion

Panchkula, April 10, 2026: Park Group of Hospitals has today launched advanced multi-super specialty hospital in Panchkula, alongside the ongoing expansion of its Mohali facility, strengthening access to advanced healthcare across the Tricity region. The hospital has been developed to address the growing demand for tertiary and quaternary care services across Haryana, Punjab, Himachal Pradesh, and Chandigarh. By bringing high-end medical care closer to patients, the hospital aims to reduce dependence on metro cities such as Delhi for advanced treatments.

The Panchkula hospital is equipped with advanced diagnostics, modular operation theatres, critical care infrastructure, and will deliver comprehensive care across key specialties including oncology, neurosciences, orthopedics, cardiology, and critical care including robotic-assisted procedures. Designed with a strong focus on high-acuity care, a significant proportion of beds are dedicated to critical care services.

Park Hospitals' care delivery is anchored in a healthcare model that enables high-quality patient care, and excellent clinical outcomes. This is complemented by structured patient counselling and engagement, helping patients and families better understand treatment pathways and recovery journeys. The Group's operating model is further supported by efficient infrastructure and capex planning allowing it to deliver high-quality healthcare at accessible costs.

Commenting on the development, Dr. Ankit Gupta, Managing Director, Park Group of Hospitals, said, *"The launch of our Panchkula facility and upcoming expansion in Mohali mark a significant step in building a scaled, integrated healthcare ecosystem across North India. With a combined capacity of approximately 850 beds in the Tricity region, we are strengthening our ability to deliver advanced, high-acuity care closer to patients. Our focus is on building centres of excellence across key specialties while leveraging technology and operational efficiencies to deliver high-quality care at scale."*

Dr. Sanjay Sharma, CEO & Whole Time Director, Park Hospitals, added: *"The Panchkula hospital has been designed to deliver seamless, patient-centric care supported by strong clinical governance and modern infrastructure. By combining full-time clinical expertise with advanced technology and structured patient engagement, we aim to enhance treatment outcomes and overall patient experience across the region."*

About Park Group

Park Group is North India's 2nd largest Hospital Chain, currently operating 16 hospitals with a combined capacity of 3,960 beds. Park Group is in process of integrating additional five hospitals which are under various stages of execution along-with expansion of existing facilities resulting in addition of 1,500 beds. These expansions will take Park Group's total bed capacity to 5,460 beds by March 2028, underscoring its aggressive growth and leadership in healthcare delivery.

The Group has a strong presence across key cities including Delhi, Gurgaon, Faridabad, Panipat, Karnal, Sonapat, Ambala, Mohali, Patiala, Bathinda, Behror, Jaipur, Agra and Panchkula. Built on a commitment to accessible, high-quality healthcare, Park Group offers a comprehensive range of clinical services—spanning super-specialities such as cardiology, neurology, oncology, orthopaedics, gastroenterology, critical care, nephrology, organ transplants, gene therapy, stem-cell therapy, and women & child health. Each facility is equipped with modern medical infrastructure, advanced diagnostics, 24x7 emergency support, and multi-disciplinary teams delivering evidence-based care.

Through continuous expansion and strategic investments, Park Group is strengthening its mission to build a dependable, technology-enabled healthcare ecosystem that serves both metropolitan and regional communities across North India.
